EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Kenneth Wright on 10/25/06.

The application has been amended as follows:

IN THE CLAIMS:

In claim 1, step e2), line 3, replace the phrase "just before all" with "so as to leave a portion" and

In claim 1, step e2), line 4, delete the phrase "is removed from".

In claim 4, line 2, replace "claim 3" with "claim 1".

In claim 11, step e2), line 3, replace the phrase "just before all" with "so as to leave a portion" and

In claim 11, step e2), line 4, delete the phrase "is removed from".

In claim 18, step e2), line 3, replace the phrase "just before all" with "so as to leave a portion" and

In claim 18, step e2), line 4, delete the phrase "is removed from".

2. The following is an examiner's statement of reasons for allowance: The prior art fails to teach a planarization process including the step of utilizing endpoint detection to

Art Unit: 1765

identify an endpoint of the planarization etching so as to leave a portion of the conductive material layer over the dielectric layer that overlies the hard mask as the context of independent claims 1,11 and 18.

3. Applicant's arguments of dated 8/15/06 are persuasive as to the point that the closest prior art Lill et al does not teach that an endpoint is detected in such that the endpoint of the planarization etching occurs while leaving a portion (defined at page 13 of the instant specification) of the conductive layer over the dielectric layer because Lill et al teaches both the dielectric layer (10) and the conductive layer (polysilicon,12) are etched-back that overlies hard mask (8).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
